

2016 Call for Program Proposals

THE CALL

How do we maximize educator and community engagement in the significant responsibility of developing every child's potential? How do we develop and nurture a culture that engages everyone to meet and overcome challenges facing education today?

The Oklahoma State Department of Education invites proposals for EngageOK, the premier annual conference designed for and presented by Oklahoma educators. Proposals are welcome that address these questions or share practices and insights that help teachers teach expertly, administrators lead courageously, and parents guide knowledgeably.

EXPECTATIONS AND SUBMISSION

All proposals will be completed on this form and submitted to the Events Office at the State Department of Education at events@sde.ok.gov by **February 23, 2016**.

Proposals will be reviewed by a committee that will focus on criteria for excellence including alignment with OSDE's mission, clarity, appropriate content that is timely and critical for educators and parents, and engaging presentation style. Proposals designed to advertise or disseminate information about materials or services for sale will not be accepted. Incomplete or late proposals will not be considered.

Presenters will be notified of acceptance by March 2016.

SESSION FORMATS

Standard presentations - Facilitated by one or more speakers in a traditional theater- or classroom-style setting. (45 or 90 minute sessions)

Panel presentations - Multiple speakers sharing information and engaging audience questions and responses. (45 minute sessions)

Poster presentations - Presenters displaying posters or artifacts of practices. Presenters stand nearby to explain and discuss their displayed work. Students are also invited to participate in the poster sessions. (45 minute sessions)

PRESENTATION TITLE

The title will be printed in the conference program.

PRESENTATION DESCRIPTION (LIMIT 100 WORDS)

Describe the presentation including overall objectives, a brief description of content, and the intended audience. The description will be printed in the conference program.
