What is it?

- ∞ SISR stands for School Improvement Status Report
- ∞ It was formerly called the Designation Report
- ∞ The SISR has been streamlined to avoid replication of data already collected within the agency

What are the Goals?

- ☞ The purpose of this project is to move from the paper form of the designation report to a web form. Much of the information on the form is already collected from other applications; this will allow us to pre-populate information throughout the form. This will leave districts with less to have to report which saves time and cuts down on redundancy.
- ☞ To collect monitoring information for districts that have a designation status for use by the School Improvement team.

Who will complete this report?

- ☞ All schools that have been designated will be required to complete this document.
- ☞ This includes all schools who have received the School Improvement Grant (SIG).
- ☞ Site Principal's and Superintendents will have access to this information.
- ☞ It will be a requirement of being designated.

Where is the SISR Located?

- It will be located as an application through Single Sign-On

Where does the data come from?

- ⌘ A good portion of the data will be pre-populated with data that has already been submitted to the OSDE in various forms.
- ⌘ This will cut down on the number of redundant reports (you're welcome).

Important Dates

☞ The first window will open...

Access? Let's find out!

- ☞ Let's go to the computer lab to see if you have access.
- ☞ If you do not have access we will learn how to gain access to the SISR.

The LEA is required to set aside a percentage, not to exceed 20% of its Title I, Part A allocation to implement appropriate and rigorous interventions aligned with the school's needs the assessment. (See Sliding Scale on the OSDE and Title I, Part A Website). After consultation with the Federal Programs Office, the LEA has determined that % of their Title I, Part A allocation is needed for School Choice and to implement interventions to support schools designated for improvement.

The screenshot displays the Oklahoma State Department of Education's School Improvement Status Report (SISR) application. The header features the department's logo and the title "School Improvement Status Report (SISR)". A navigation bar includes tabs for "Consultation", "Baseline", "Initial Report", "Mid-Year Report", "Final Report", and "Reports", with "Reports" currently selected. A "Log Out" link is located in the top right corner. Below the navigation bar, the user is identified as "varheaoh(District User)". The "County/District" is set to "551089 - OKLAHOMA CITY" and the "School" is set to "Select Site". The main content area is titled "Reports Page" and contains a scrollable list of report types: "Consultation Report", "Baseline School Improvement Status Report", "Initial School Improvement Status Report", "Mid-Year School Improvement Status Report", "End-of-Year School Improvement Status Report", "Designation District Status Report", "Final Report", and "Comprehensive Designation Report". Below the list are "Print" and "PDF" buttons, and a "New Window" checkbox which is checked. Technical support information is provided at the bottom: "Technical Support: helpdesk@omes.ok.gov - (405) 521-2444".
