# Alignment to Learning Forward Standards

- The new education law, *Every Student Succeeds Act (ESSA)*, redefines professional development with a purposeful influence from *Learning Forward*.
- Learning Forward*, a national association recognized as leaders in professional learning, has established standards for professional learning that set a high bar for quality learning experiences.
- This session aligns to the following standard(s):
  - Resources** - Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.
  - Data** - Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.
  - Implementation** - Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long term change.

# New Skills for Youth Grant

**“We are thrilled that Oklahoma is among a select few states to win this highly competitive grant, “ Hofmeister said. “This will enable families to engage early with their own student’s academic strengths, needs and aspirations for the careers and jobs of the future and will equip schools to support that work.**

We look forward to working with the Governor’s Oklahoma Works initiative and our partners to create opportunities that lead to high-demand, highly skilled, well-paying jobs for Oklahoma’s successive generations. We are very grateful to JP Morgan Chase for the resources to make great things happen.”

**College and career readiness are of particular importance in Oklahoma, where, by the year 2025, three-fourths of Oklahoma jobs will require postsecondary credentials.**

“The workforce of tomorrow will be highly specialized, requiring college degrees and industry credentials **in far greater numbers than Oklahoma is currently generating,**” said Natalie Shirley, Secretary of Education and Workforce Development for Oklahoma.

# New Skills for Youth Objectives

## The Vision

To ensure all students have the opportunity and support to successfully secure a postsecondary degree and/or industry certification that reflects each individual's passions and skills.

Objective 1 – Employer Engagement

Objective 2 – Rigorous and Quality Curriculum

Objective 3 – Career Focused Accountability – Postsecondary Indicators

**Objective 4 – Multiple Pathways That Culminate in Credentials of Value**

Objective 5 – Aligned Funding

Objective 6 – Cross Institutional Alignment

Objective 7 – Strategic Communication

# What is ICAP?

An **Individual Career Academic Plan** is a multi-year process that intentionally guides students as they **explore career, academic, and postsecondary opportunities.**

Beginning with the family and student involvement in the ICAP process and support from educators, students develop the awareness, knowledge, and skills to **create their own meaningful pathways to be career and college ready.**

# ICAP Purpose

**Individual Career Academic Plan process helps students consider a future career and helps them design the way to get there.**

Students have an opportunity to determine their interests and passions and ways to explore and experience career opportunities. With increased knowledge, students, with family and educator support, can **create their individual career pathway to success.**

# Equity Breakdown

*“I almost felt like I should just stop and give up, I couldn’t make a single shot. I was even scolded for taking someone else’s ball and threatened to be out of the game for good, why should I bother, I can’t win anyway.”*

# Equity Breakdown

While **Equality in the classroom** is loosely defined as giving all students the same resources to succeed.

**Equity in the classroom** can be defined as giving all students what they need to succeed.

Ohio State University, [Beyond Penguins](#), 2009

# Our Goal...

*Our goal is for all students to have **equal access** to post-secondary options while providing **equitable resources** for all students to achieve their goals.*

# Career Awareness

**Career Awareness** – Process of learning the difference between jobs, occupations and careers. Articulate a wide range of local, regional, national, and global career pathways and opportunities. Consider economic and cultural influences and the impact of stereotypes on career choice.

- *During an ICAP the **Career Awareness Stage** will begin in the **K-5 grades**.*
- *Students should gain **exposure to multiple careers through career days, field trips, and career focused activities**.*
- ***Family involvement** is extremely important at this stage, it is crucial for the expectation for post-secondary goal setting to be set as early as possible.*

# Career Exploration

**Career Exploration** – The process of exploring career interests through activities, field trips, exploratory interests, and career assessments.

- The career exploration stage will take place during the **6<sup>th</sup> – 8<sup>th</sup> grades**.
- During this stage students will **begin taking assessments and matching their interests to career industries**.

# Career Planning

**Planning** – The process of taking evidence found during the career exploration stage and using it to **create a multi-year career plan** made of several strategies. Strategies may include researching best methods for **taking appropriate classes to prepare for intended careers, participating in work-based learning opportunities, and planning for post-secondary education.**

- The planning stage takes place in **9<sup>th</sup> – 12<sup>th</sup> grade.**
- Using the two resources below students will be able to **create a post-secondary plan that will involve the input of schools counselors and parents.**
